2D to 3D Conversions

To Calculate the cost of a 3D Photo crystal, take the price of the crystal shape, then add the cost of the 3D conversions from below, multiplied by the number of people or pets in the photo.

Head & Shoulders Conversion **\$ 19.95** per person

Half Body Conversion **\$ 29.95** per person

Full Body Conversion **\$ 39.95** per person

Text **\$ 9.95**

HOW DOES IT WORK?

Ordering your own stunning crystal portrait is easy. Simply choose a crystal from our range and decide which of your favourite photos you would like used. You can also choose to have your image converted into a unique 3D portrait (additional charges apply). Once you have placed your order, it is assigned to a graphics technician who will individually customise your artwork before it is engraved. The crystal is then sent straight back to the store in which the order was placed or directly to your door.

YOUR PHOTOS CONVERTED TO 3D

Using our advanced software we are able to take your normal 2-Dimensional (2D) photographs and convert them into stunning 3-Dimensional (3D) photo crystals. The 3D conversion process is only available in selected crystals which we have identified with this symbol **3D**

The 2d to 3d photo conversion process is suitable for people and/or pets only. 3D conversions are charged per person or pet in the photo (refer to the options prices for conversion charges).

For 3D modelling of other objects such as vehicles or buildings, please contact us for a quote.

CORPORATE AWARDS & TROPHIES

Image has a large range of corporate crystals that are perfect for company logos, paperweights, staff incentives, corporate awards and trophies. Keep us in mind for your next award presentation or corporate event.
